Description	Small motocross motorcycle (dirt bike) intended for children or persons under 90 kg weight.
Country of origin	People's Republic of China
Alert submitted by	Finland
Risk type	Burns, Fire, Injuries
Technical defect	The product has sharp edges and angles. Consequently the user could become injured while riding the bike. Accessible parts become hot during use. If touched, the user could burn. The fuel shut-off control is located at the carburettor intake and the vent hose of the fuel tank has no support. Consequently, fuel could leak onto hot surfaces and lead to a fire. The speed limiting device does not work. As a result, the vehicle could reach high speeds and make the user lose control, increasing the risk of accident. The product does not comply with the requirements of the Machinery Directive and the relevant European standard EN 16029.
